

# Receive a FREE mail list with any mailable order!

## Here's how it works.

After selecting and personalizing your postcard, choose the "Mail it for me" mailing option to begin creating your FREE mailing lists.

- Search for addresses by zip code, proximity or by street address
- Sort your search by single-family and/or multi-family properties
- Choose to include Home Owners and/or Renters
- Select First Class or Third Class postage (all standard size postcards mail First Class)

Our database will search through 199 million consumer address records, including 26 million renters, to produce a mailing list with the best deliverability rate yet - up to 98%!

Create and save your list to use on follow-up mailings as many times as you want for a year. The mLIST™ technology is FREE with any order that Merrill mails for you!
