

*19182 Ingleside Court
Lakeville, Minnesota*

**CENTURY 21
PREMIER GROUP**

Walk into this beautiful one level detached town home and feel the stress melt away. The living and dining area, recently professionally painted, provides an elegant place to entertain. Kitchen custom cabinets and plenty of counter space combine with an island to create an open floor plan with the family room and sun room, providing lots of natural light. The master bedroom is large enough for all the pieces in your bedroom set. The master bath, with jacuzzi tub, has a separate shower. A second bedroom has two closets and a full bath in an attached hallway. The home features a main level laundry and a full basement with finishing potential. The two car garage has abundant storage cabinets to keep items out of view giving it a clean look.
